A. Member News:

a. Possible changes to the DBA website

1. The Executive Committee has decided to go with Curate OS for website design. Attached is the estimate/quote. We request member approval to an amendment to the budget for the upfront cost of the website design. After that, hosting the website is just over \$200/month (which would be under our current \$600/month budget). We would have full access to edit/make changes to the website ourselves as the executive committee so changes will be timelier.
